Gold Standard Interims

Protocol National delivers the most successful senior recruitment service in the college sector. We are now pleased to offer you a dedicated service to provide outstanding interim managers. Our College Leadership Team has been asked so many times to provide exceptional interim managers that we now want to offer more colleges the opportunity to take advantage of our skills in this area.

Plus, our FE recruitment experts can bring you this FE dedicated service at a price that our less FE focussed rivals simply can't offer!

"Another excellent placement with just the skill set we needed ... as we have come to expect from Protocol National."

Phil Butler, Vice Principal, Wiltshire College.

The right skills, the right fit, first time.

Our highly experienced team will hand pick candidates from our growing pool of outstanding interim managers. All our interims are reference checked, interviewed and known to the sector. That's why we find you the right candidate, first time. We recognise the importance of finding someone who can 'hit the ground running', helping your college in the pursuit of excellence.

We continually grow and refresh our database, that's why we know who's looking especially for an interim position and we know what they're looking for. Our interims don't work with us in between permanent roles, they are short-term contract specialists. They relish the challenge of quickly understanding your college targets and exceeding them.

We're here to offer a targeted,
rapid, cost-effective solution!
